

How to manage Applications

Applications

You can view the different applications and their status (Active/Inactive) using the link on the top menu.

The screenshot shows the HP Applications Center interface. At the top, there is a navigation bar with the HP logo, 'HP Applications Center', 'Help Center', and a user profile 'Younique'. Below this is a secondary menu with 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications' (which is highlighted with a blue dashed circle). The main content area is titled 'Dashboard' and includes an 'Orders Summary' table, a 'WallArt suite apps' section with 'Create' buttons for Wallcoverings, Canvas, and Posters, and a 'You're Unique' badge.

Order #	Product	Date/Time	Amount
Order: #211917	X-banner	02/2/17 07:43	\$ 25.84
Order: #211544	Roller	01/31/17 16:33	\$ 32.30
Order: #211520	Wallpaper	01/31/17 14:56	\$ 287.82
Order: #211395	Cutout	01/31/17 09:02	\$ 120.85
Order: #211257	Wallpaper	01/30/17 22:17	\$ 720.91

Applications overview

Here you will see each application and its status: activated and deactivated (with a gray background).

You can activate/deactivate apps clicking the appropriate link.

For more information on the app, click on the gear. There, you will be able to access further information of the app or the settings of the specific app.

The screenshot shows the 'Applications' page in the HP Applications Center. It features a grid of application cards for 'WallArt suite apps' and 'Signage suite apps'. Each card includes an icon, a title, a brief description, and a status indicator (gear icon for settings, 'Deactivate' link for inactive apps, 'Activate' link for active apps). A blue dashed circle highlights the 'Applications' menu item in the top navigation bar. Another blue dashed circle highlights the gear icon on the 'Roll-ups' app card, which is linked to a settings modal window. A third blue dashed circle highlights the 'Posters' app card, which is also linked to a settings modal window. The settings modal windows show fields for 'Settings' and 'Description'.

Applications settings

Production settings, customization of the designers and media substrates can be managed through this tab.

The screenshot displays the HP Applications Center interface. At the top, there is a navigation bar with the HP logo, 'HP Applications Center', 'Help Center', and 'Younique' with a settings icon. Below this is a secondary navigation bar with links for 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications', along with a 'Stats' icon. The main content area is titled 'Settings Applications' and includes a sub-header 'Select an app to configure its settings'. Two application cards are shown: 'WallArt Suite' and 'Signage Suite'. The 'Signage Suite' card is highlighted with a dashed blue border. Below these cards, the 'Settings Signage Suite' page is shown, featuring a sub-header 'Select an app to configure its settings' and three active application cards: 'Rollup', 'Posters', and 'Banner'. A solid blue oval highlights the 'Settings Signage Suite' section. On the right side, a sidebar menu lists various settings categories: 'Settings', 'Company settings', 'Printers & RIP', 'System configuration', 'Workflows & production', 'Application settings', 'WallArt Suite', 'Signage Suite', and 'Tablet application'. The 'Application settings' and 'WallArt Suite' items in the sidebar are also highlighted with a dashed blue border.
