

How to manage HP Applications Center settings

Settings

You will find the settings clicking on your account name and on the top right corner of the interface

The screenshot shows the HP Applications Center dashboard. At the top, there is a navigation bar with 'HP Applications Center', 'Help Center', and a user profile for 'Younique' with a settings gear icon. Below the navigation bar are tabs for 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications'. The main content area includes a 'Dashboard' section with a brief overview, an 'Orders Summary' table with columns for order number, product, date, and price, and a 'WallArt suite apps' section with 'Create' buttons for Wallcoverings, Canvas, and Posters.

Company Settings

Here you will be able to fill in information regarding your company, including:

- Name
- Contact information, including social media and address
- Company logo

The screenshot shows the 'Settings' page in HP Applications Center, specifically the 'Company settings' section. The page has a navigation bar similar to the dashboard. The 'Settings' menu on the right includes 'Company settings', 'Printers & RIP', 'System configuration', 'Workflow integration', 'Application settings', 'Tablet application', 'Content providers', and 'Web integration'. The main content area is titled 'Company settings' and includes 'Access information' with fields for Name (Younique), Email (youniquesco@gmail.com), and a dropdown for Default language (English). Below this is a 'PSP Code' field with the value 9EDB69. The 'Company information' section includes fields for Company name (Younique), Address (Street name: HP premises, City: Barcelona, ZIP code: 08174, Country: Spain, Time zone: Select your Time Zone), and 'Contact info' with a checkbox for 'Same as access email'.

Printers & RIP

In this tab you will be able to manage your RIP version and printers

The screenshot shows the 'Settings' page for 'Printers & RIP' in the HP Applications Center. The top navigation bar includes 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', 'Applications', 'Help Center', 'Younique', and a settings icon. The main content area is titled 'Settings Printers & RIP' and includes the instruction 'Add and manage printers to your WallArt Account'. A form allows selecting a RIP version, currently set to 'SAI Flexi 12 with SP1 (build)'. A green checkmark indicates 'Your rip is certified by HP'. An 'Add New printer' button is visible. Below, a table lists 'Printer 1' with details: 'Printer Model: HP Latex 3000 Printer' and 'Printer Serial Number: HP-CC4A-7891-FBC2-3B46'. A right-hand sidebar contains a 'Settings' menu with options like 'Company settings', 'Printers & RIP', 'System configuration', etc.

System configuration

Here you can configure:

- Currency
- Unit system
- Order expiration
- Content sources availability

The screenshot shows the 'Settings' page for 'System configuration' in the HP Applications Center. The top navigation bar is identical to the previous screenshot. The main content area is titled 'Settings System configuration' and shows 'Version: 5.0'. The 'Units & currency' section includes: 'Currency symbol' set to '\$', 'VAT (%)' set to '7.0', and a 'Round up' checkbox; 'Place currency symbol' set to 'Before price'; 'Currency conversion' showing '1.0 USD = \$ 1.0' and '1.0 EUR = \$ 1.0'; and 'Unit system for length' set to 'Metric system'. The 'Order configuration' section shows 'Order expiration limit' set to '30 Days'. The 'Content source' section has two checkboxes: 'Allow customers to create projects without purchasing Fotolia® images' (unchecked) and 'Allow customers to create projects without purchasing Pattern Design® images' (checked). The 'Certifications' section has two unchecked checkboxes: 'Can provide installation service' and 'Certification 3M MCS'. A right-hand sidebar contains a 'Settings' menu with options like 'Company settings', 'Printers & RIP', 'System configuration', etc.

Workflow integration

Management of your workflow can be made here, specifically:

- JDF connectivity
- Job redirection
- Redirections and URLs
- Email notifications
- Order expiration
- Content sources availability

The screenshot shows the 'Settings' page for 'Workflow integration' in the HP Applications Center. The page has a blue header with the HP logo and 'HP Applications Center' text, and a navigation bar with 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications'. The main content area is titled 'Settings' and 'Workflow integration'. It includes a 'JDF connection' section with a URL field containing 'https://jdf.hpwallart.com/youunique' and three checkboxes: 'Enable JDF connectivity' (checked), 'Enable JDF authentication' (checked), and 'Use single page PDF in JDF job ticket' (unchecked). Below this is a 'Connect to another Print service provider' section with 'Enable redirection' checked and radio buttons for 'All orders' and 'Specific orders' (selected). A text box shows 'WallArt code for the recipient Print Service Provider: B202EC Support Team Available in Company Settings'. The 'Apps configuration' section has a 'Redirection after closing Designer' field (empty) and a 'URL identifier' field containing 'youunique'. At the bottom, 'e-mail notifications' has 'Receive email on project initiation' checked.

Applications settings

Production settings, customization of the designers and media substrates can be managed through this tab.

The screenshot shows the 'Settings' page for 'Applications' in the HP Applications Center. The page has a blue header with the HP logo and 'HP Applications Center' text, and a navigation bar with 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications'. The main content area is titled 'Settings' and 'Applications'. It includes a 'Select an app to configure its settings' section with two buttons: 'WallArt Suite' and 'Signage Suite'. Below this is a 'Settings Signage Suite' section with three buttons: 'Rollup Active', 'Posters Active', and 'Banner Active'. The 'Signage Suite' button is highlighted with a blue dashed circle, and the 'Settings Signage Suite' section is highlighted with a blue solid oval.

Content providers

Configure and activate the different Content providers available in HP Applications Center:

- Fotolia ©
- Patter Design ©
- Instagram
- Dropbox

The screenshot shows the HP Applications Center interface. The top navigation bar includes 'HP Applications Center', 'Help Center', and 'Younique'. Below the navigation bar are tabs for 'Dashboard', 'Orders', 'Customers', 'Templates', 'Content', and 'Applications'. The main content area is titled 'Settings' and 'Content providers'. It lists 'Available accounts' with four provider cards: Fotolia (Royalty free stock provider... Status: Not logged), Instagram (Online photo sharing service), Dropbox (Simplify Your Life), and Pattern Design (Personalized patterns Status: Logged in). A sidebar on the right contains a 'Settings' menu with options like 'Company settings', 'Printers & RIP', 'System configuration', 'Workflow integration', 'Application settings', 'Tablet application', 'Content providers', and 'Web integration'. A blue dashed circle highlights the 'Content providers' option in the sidebar.

Web integration

Access all the documentation and credentials regarding how HP Applications Center is integrated into your website.

The screenshot shows the HP Applications Center interface for 'Web integration'. The top navigation bar is identical to the previous screenshot. The main content area is titled 'Settings' and 'Web integration'. It includes a sub-header: 'These are the resources needed for you to integrate the HP WallArt Suite into an external website.' Below this is a button: 'Need to know more? Go to developers page'. The 'External link' section explains that external links allow adding a link to a website that will open HP WallArt Suite applications in a new browser window. It provides a list of external links for various product categories: Wallcoverings, Canvas, Posters, Wall Decals, Rollup, Posters, and Banner. A blue dashed circle highlights the 'Web integration' option in the right sidebar.

Category	External Link
Wallcoverings	https://designer.hpwallart.com/youunique?external_link=true&sku=WA_WC
Canvas	https://designer.hpwallart.com/youunique?external_link=true&sku=WA_CA
Posters	https://designer.hpwallart.com/youunique?external_link=true&sku=WA_WP
Wall Decals	https://designer.hpwallart.com/youunique?external_link=true&sku=WA_WD
Rollup	http://designer.wraps.hpwallart.com/youunique?external_link=true&sku=RLUP
Posters	http://designer.wraps.hpwallart.com/youunique?external_link=true&sku=WA_WP
Banner	http://designer.wraps.hpwallart.com/youunique?external_link=true&sku=BANR
